Officers Speak...

By Floyd Thorne

Well, where to begin. Boy, can you all believe that by the time you all get this, it is September. In some ways, it seems that the summer has been long. Perhaps the hot weather and or the more than usual rains made it seem so. But, in most other ways it is difficult to know where the summer has gone. We, Linda and I, had the opportunity to go on the "Ouray the fun way" ride, led by Stan Stotz here on the 21st and 22nd of August. We were reminded once again why and one of the many reasons that it's such a pleasure to ride in-groups as a part of a Club such as RMVTA.

We had a great ride over there, a very good lunch and then lots of fellowship before taking a Jeep ride up the mountain for a very good steak dinner high up and beside the Uncompaghre River. If any of you have never done this - you should. It was a GREAT meal and the ride was fun.

At any rate as everyone was getting

ready to leave on Sunday morning to head back to Denver my Gold Wing did not want to go. I had not heeded the warnings that have been published in previous Newsletters regarding battery fluid levels or maybe it was just time for mine to go bad. At any rate, I was without power. Linda and I had the week off and were planning on leaving the group returning to Denver so that we could tour southwestern Colorado. Well, there was nothing doing about the group leaving us to fend for ourselves - thank goodness. Steve Burgus had jumper cables that we used about three times to get us going and we made it to Montrose. We bid the group farewell and we went to a Super Wal-Mart there and were able to purchase a battery

Our Fearless Leader, President Floyd Thorne and wife, Linda, soft talk Janet and Dianne for a taste of roasted marshmallows.

We have traveled many miles along and to date we have never really had a mechanical breakdown or anything really that would interrupt our plans.

But, something like this could have happened at any time and we were just fortunate that it happened when we were traveling with friends who were there to help and see that we were all right. We did continue on our trip as planned and were able to see much of the southwestern Colorado region and

traveled on numerous passes that we had not ever done previously. It was a GREAT vacation for us even though we got a later than normal interrupted start. But, it surely would have been delayed more than it turned out to be if it were not for the compassion and concerns of the group as a whole to see that we were not left behind. For this we both say a big Thank You.

This, as I said, is just one of the many values that we have derived from our involvement with the Club. I encourage you all to plan on a taking some rides and participating in the group activities. See you out there, have fun and enjoy the balance of the 1999 calendar/riding year.

Meeting Minutes

By Betty Richards

The August 19 meeting was called to order by President Floyd Thorne. Nineteen members signed in.

Secretary's Report: The July minutes were approved as printed in the newsletter.

Treasurer's Report: Ruth reported balances as of August 18 as \$3,514.01 in savings and \$1,190.93 in checking, for a total of \$4,704.94.

Committee Reports:

Membership: Robin and Wayne are trying to pull together the records transferred from Nancy. Anyone who has a paid-up 1999 membership but has not received their membership card should contact either of them. A member information sheet is also

being given to every active member so the records get properly updated and a complete roster can be printed.

Newsletter: Lori reminded ride captains to submit recaps of rides.

Web Site: Stan reminded members to submit photos for the photo gallery.

Rides: The Ouray overnight ride, Moonlight ride, and the Dipsey-Doodle Labor Day ride will occur before our September meeting. The Fall Color ride on September 19 falls right after the monthly meeting. Note the addition of the Deadwood ride September 24-27 and the change of date for the Progressive Dinner ride to October 3.

Unfinished Business:

Tom Shumaker briefed the group on the Board of Directors meeting. The Constitution and By-Laws have been thoroughly reviewed. Proposed changes will be printed in the September newsletter, put up for discussion at the September meeting, and voted on at the October meeting. One recommended change is the early appointment of the Ride Committee, which would allow them to work on the schedule during the off-season and would insure the book was distributed early in the spring. Anticipating acceptance by the membership, the current officers would encourage anyone interested in that committee for next year to make that known now. The other major proposed change would be to transfer responsibility for solicitation of sponsors from the Vice President to a joint effort by the President and Finance Chairman because the Vice President has so many other duties

under the current structure.

New Business:

Lori has received an inquiry from a national vendor regarding outside advertisements. Discussion among the members ended with a decision to offer something of an associate sponsor status to a non-local vendor for an amount of \$75 for the balance of the year. This type of sponsor status would include a hyper-link to our web site if the vendor wants one.

The October meeting will include our annual Bake & Craft Sale, which is the fund raiser designated for the Membership Appreciation Party held each January.

The Progressive Dinner ride will be Sunday, October 3. By the September meeting the sites for the four stops will be known, and sign-ups will be available for what potluck items everyone wants to bring.

The Missing Link

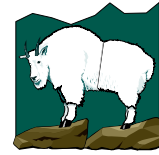

To Tom Shumacker for leading a "short day ride" which left at 2 o'clock in the afternoon during the Yellowstone tour, and ended up covering about 400 miles and lasting until about 2 o'clock the next morning.

Recent Ride Updates (Or What You Missed Out On!)

**Mount Evans Ride
Ride Captain:
Nancy Van Liere
Lieutenants:**

**Linda & Jerry Hatfield
June 27, 1999
By Jerry Hatfield**

The Lieutenants were "drafted" because of the Captain's "bad back". A pre ride was necessary because of the Ride Lieutenants. The priride was chaperoned by the Hoedel's & Smiley's duos, in case the rookies got lost. All went well - a beautiful day, sunshine, no wind and mountain goats by the roadside. *We're Ready!*

Ride Day - a cool day with some clouds and some sun. The group is forming for the ride - Tom Schumaker, Jack Dunwell, Bill Nielson & Jonna Wright, Debbbie & Steve Inouye, and the "rookie Lieutenants". It is a pleasant ride up I-70 to Idaho Springs. Aahh - Sunshine and less clouds!! Let's make the turn to Echo Lake. But hey, what's this? We are joined by Dave Menges & Monica Woznicki and across from I-70, here comes Crane & Katherine Smiley. Now we're really getting into this. First stop Echo Lake. The weather is beautiful. On to the Top!!

Wow! What happened? Did this revert back to the Polar Bear Ride? Ken Kenaston should be leading this!!!

At the top, we are greeted by mountain goats, some bewildered

tourists, forty degree temperature and a thirty mile an hour wind. *Where is Ken, anyway?*

Back down to Echo Lake Lodge for lunch and a much needed defrost. Two cups of coffee are needed (One for each foot). We continue on home over Squaw Pass Road, into Evergreen and on home. The rookies shook hands and said that it was a great day - with good friends from RMVTA!

Ouray, The Fun Way Ride

**Ride Captains:
Stan & Janet Stotz
By Stan Stotz**

Stan and Janet Stotz led the Ouray, The Fun Way Ride on August 21 and 22. We had 14 participants (7 bikes and 1 car). The weather held up very well during the whole trip. Hi-lites included a great lunch at the Redstone Resort and a really fun Outlaw Mountain Cookout. The Jeeps picked us up at the hotel and took us to some of the most beautiful real estate in the country. The Outlaw folks cooked us rib eyes, corn on the cob, potatoes, and watermelon all by a beautiful stream with mountains going straight up on both sides. The camp fire (complete with a marshmellow roast) felt really good since we were up pretty high on the mountain.

The next morning, we went to the Ouray lookout for pictures for the web site RMVTA member photo page. We got enough pictures to get the page started. After Steve Burgus got Floyd and Linda going (dead battery), we had a great ride back home. It was a great week-end for a motorcycle ride and everybody had a good time.

There are 3 Bills in this picture. Can you pick them out. Hint..One of them is making a peace sign over Merle's head.

A complete itinerary is available on the web site or in your ride book. Make sure you don't miss this ride. It is one of the last rides of the season and definitely a great way to spend time with your friends in the RMVTA.

Deadwood, South Dakota Ride **Ride Captains: Steve & Karen Burgus** **Sept. 24th, 25th, 26th & 27th**

A little gambling and whole lot of fun is to be had on this four day excursion through the Black Hills. Karen & Steve have a great ride planned, so make sure you're with them.

Mark Your Calendars **Deadwood & Progressive Dinner** **Ride Date Change**

Due to a lack of hotel accommodations in Deadwood over the originally scheduled weekend, the Deadwood ride has been rescheduled for September 24, 25, 26 & 27. Therefore the Progressive Dinner ride has been moved to October 3rd.

Happy Campers!

Progressive Dinner Ride

**Ride Captain: Floyd Thorne
Oct. 3, 1999**

What better way to spend an October Sunday, then to spend it with good friends, great food and a motorcycle ride. This annual favorite will leave from the Target parking lot at I-25 and Arapahoe at 9:00 a.m.. So be fueled and ready to ride.

This years line up of stops is one that you really won't want to miss. Appetizers will be served at the Lloyd and Ruth Nicholson home in Parker. From there on to salads at the home of Steve and Karen Burgus in Arvada. The main course will be served at the Tim and Gail Hawkins residence in Golden and finally dessert at Tom & Brenda Shumaker's home in Brighton.

With the locations locked in, all we need is the food. A sign up form will be passed around at the next meeting. If you are unable to attend the meeting, please contact the ride captain and let him know what you would like to bring.

Highway Clean-Up

**Ride Captain: Ron Nardiello
October 23rd**

Mark your calendars for this important date. The Highway Clean-Up is one of the few ways we

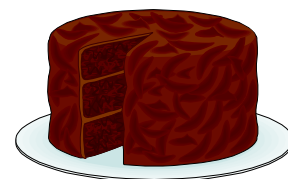

can take an active part in keeping our state beautiful. Twice a year, Ron & Joyce take the time to organize this clean-up project along RMVTA's adopted stretch of highway near Franktown. Let's all make sure that we support their efforts and help keep Colorado beautiful.

RMVTA welcomes it's newest sponsor - E & E Products, a manufacturer of tank-mounted stereo systems. "TankTunes" is a full component stereo system that was brought into existence 10 years ago, when a stereo system was needed for a Yamaha Seca 750.

Since then E & E Products has had many satisfied customers who have discovered that once you ride with tunes, you won't ride without. Their Tank Tunes Motorcycle Stereo Mounting System allows the customer the freedom to choose and install a car stereo of their choice or purchase a package with the stereo and speakers already installed. The system is very versatile and can be mounted on the gas tank of a motorcycle two different ways. In addition, the unit has been used on ATV's and snowmobiles. In fact, it can be used anywhere that there is a 12 volt power source. For more information on E & E Products merchandise see the enclosed flyer or check out their web site.

Annual Bake & Craft Sale

Yes, Folks, it's that time again. The Annual Bake & Craft Sale is just around the corner. So heat up those ovens, put the finishing touches on your craft items and blow the dust off of your checkbook, because this fund raiser is going to take place at the October meeting, (October 21, 1999). As always, this is the event that primarily funds the membership appreciation party. So the more we earn - the better the food, the better the music and all and all, the more fun we'll have in January!

Katherine and Crane have an RMVTA moment.
